MEMORANDUM FOR: Director of Special Activities

ATTENTION: Chief, Intelligence Division

SUBJECT: Evaluation of Proposed ☐ Mission C069C,  
8 April 1969

25X1C

REFERENCE: ☐ 2728/66, 24 October 1966

25X1A

1. This memorandum is a review and analysis of Route 1107 which lies over water, following along the southeast coast of China from approximately 19-43N/111-37E to 24-56N/119-28E. The evaluation is prepared in support of Idealist Mission C069C, and is forwarded in compliance with this Office's responsibilities as set forth in the reference.

2. Our order-of-battle information shows no MiG-21s currently based within combat radius of the intended flight route, indicating little probability of a fighter reaction against the mission aircraft.

3. No SAM reactions are anticipated against the mission if the route is flown off shore as planned.
